WORK HISTORY

QUALITY ASSURANCE ANALYST AND LOCALIZATION | 05/2017 to 12/2017
GlobalStep - Montréal, QC

- Debugged code and located root causes of problems by reviewing configuration files and logs.
- Collaborated with developers and product owners to stay current on product features and intended functionality.
- Listened to English video dialogue and developed translation into Chinese/French to prepare subtitle scripts for Just Cause4, Taiko no Tatsujin, endless war, etc.
- Wrote and optimized test cases to maximize the success of manual software testing with consistent, thorough approaches.
- Gathered data on integration issues and vulnerabilities and reported all findings, including improvement recommendations.
